

November 17, 2009

Michelle Vanstrom, President  
Wild Ones Niagara Falls and the River Region Chapter  
P.O. Box 2827  
Niagara Falls, New York 14302

Dear Ms. Vanstrom:

The Niagara River Greenway Commission is pleased to support the Wild Ones Niagara Falls and the River Region Chapter's "Project Consultation and Review" package for the following project:

Regional Economic Growth Through Ecological Restoration of the Niagara Gorge Rim

This project is deemed consistent with the Niagara River Greenway Plan as determined by the Niagara River Greenway Commission. However it must be stressed that the Niagara River Greenway Commission makes no determination in the discussion as to the future of the Robert Moses Parkway. The Legislation and the Plan that guides the Commission does not advocate specific designs for the many transportation projects planned or being evaluated within the Greenway. Those projects are legally required to undergo a specific engineering, evaluation and planning process that is beyond the legal purview of the Niagara River Greenway Commission.

The subjective evaluation has been based on the principals, goals and criteria that define the Niagara River Greenway Plan. I have attached the public comments received on all of the projects submitted during the deliberation timeframe for your use. The Commission is pleased to support the Wild Ones Niagara Falls and the River Region Chapter's project proposal and wish you great success.

Respectfully,

*Rob Belue*

R.A. Belue  
Executive Director
