Dear Ms. Homewood:

I am contacting you on behalf of the Niagara Greenway Ecological Standing Committee regarding your proposal for funding submitted on November 18, 2009. The Committee met on December 18, 2009 and discussed your proposal. As you know, the award guidelines require that all projects be presented to the Niagara River Greenway Commission for a consistency determination prior to being considered. As you noted in your application that determination is pending.

The Committee was also concerned about your characterization of the project as "... not in and of itself ecological in nature." The Committee strives to promote projects that will promote ecological enhancements in the Niagara Greenway and will have difficulty approving a project that does not meet those requirements. There are several other Greenway Standing Committees that you should consider contacting regarding your project.

Please do not hesitate to contact me at 914-287-3247 if you have any questions.

A handwritten signature in black ink, appearing to read "Edward Alkiewicz". The signature is fluid and cursive, with a large initial "E" and a long, sweeping tail.

Edward Alkiewicz  
Secretary
