Mr. Dave Arquette, Director  
Haudenosaunee Environmental Task Force  
P.O. Box 366  
Roosevelt, NY 13683

Dear Mr. Arquette:

On behalf of the Greenway Ecological Standing Committee, I am pleased to enclose, per your request of August 25, 2010, a check for \$27,512.10 as the next installment for continuing work on the Gill Creek Ecological Enhancement and Wetland Restoration project. Since this is a multi-year project, the Committee would again request the Project Manager to report on the progress of the project annually and meet with the Committee personally in 2011. At that time, a request for additional funding can be submitted.

Please do not hesitate to contact me if you have any questions, and continued good luck with the project.

Sincerely,

Stephen Schoenwiesner  
Secretary

Enclosure
